

YOUTH EXPLORE TRADES SKILLS 10 - 12

Are you interested in exploring construction careers? Interested in an **NWSS Apprenticeship Program** but not sure which one?

The **YOUTH EXPLORE TRADES SKILLS** elective course provides students with a unique opportunity to learn by doing in many career areas such as: *electrical, piping, framing, finishing, carpentry, drywalling* and more.

WHAT WILL STUDENTS DO?

- Learn about and build “mock up” construction projects; projects will be practical and will involve making, creating, and problem-solving
- Work individually and as a part of a team, learning life skills
- Participate in field trips and, possibly, job shadows
- Get skills for in-demand apprenticeship jobs in a safe learning environment

WHAT DO I NEED TO START?

- Must be going into grade 10, 11 or 12 and attending classes reliably
- Write “YOUTH EXPLORE TRADES SKILLS 10-12” on your course selection form (no application or interview is required)

WHAT ARE THE BENEFITS?

- Earn 4 graduation credits
- Figure out more about the “What will I do after I graduate from high school?” question
- Learn skills that help you find a job in the construction industry

WHEN & WHERE IS THE PROGRAM OFFERED?

- Right here! NWSS, usually semester 2
