

**NWSS Performing Arts Department**

**Musical Theatre Program 2019/2020**

**Cast Audition Form**

Please bring this form, completed, to your audition and **attach a current photograph.**

Students interested in this program must realize that, if accepted, rehearsals and classes must be a top priority over other extra-curricular events, hobbies or activities.

Teachers in the program work with students to ensure educational standards are being met in all subject areas- the schedule and commitment are very intense but should not compromise success in other courses.

Commitment for CAST and CREW includes one on-timetable class in semester one along with one after-school Z block twice a week from September 2019 to March 2020. Students should complete regular course selection sheets choosing alternate electives. If they are accepted into the Musical Theatre Program, their schedules will be adapted to fit the program courses.

Performances will be scheduled in late February to early March - we are still working on exact dates. These dates will be confirmed in early April.

All students in the program **MUST** be available after school and evenings during the tech/dress rehearsal week before the performances as well as all the performance days. **NO EXCEPTIONS.** Commitment to this program must take top priority in the month of February.

In order to promote leadership and mentorship in the performing arts department, students enrolled in the Musical Theatre Program must concurrently take a drama/acting, dance or music course. Any schedule conflicts with this prerequisite should be directed to Ms. Kelly Proznick at [kproznick@sd40.bc.ca](mailto:kproznick@sd40.bc.ca)
