Amanda Todd and Jess Miller have both presented at previous Parent Night Out events on the topic of Internet and Social Media Security for youth.

TELUS originals
Cyberbullying
Prevention and Online
Security for Families

A screening and conversation with leading experts
Carol Todd (Founder, Amanda Todd Legacy Society),
Dr. Wendy Craig (Scientific Director of PREVNet,
Professor of Psychology Queen's University), **Jesse Miller**
(Lead Educator, Mediated Reality) and **Leigh Tynan**
(Director, TELUS Online Security)

November 25, 7^{PM} PT

This free screening will be followed by an interactive Q&A with the panel will focus on Cyberbullying and Security.

Featured in CBC News, Global News and MSN News, the new documentary "Dark Cloud" is a moving look into a growing epidemic affecting youth across the country: cyberbullying. Dark Cloud follows Amanda Todd Legacy Society founder Carol Todd's ongoing fight for cyberbullying awareness, unfolding the much larger story, introducing us to families who have endured similar experiences and some of the most important anti-cyberbullying experts in Canada. Weaving their expertise and experience together, Dark Cloud illuminates the statistics, clarifies the long consequences of cyberbullying and shares insights into both cyberbullying's causes and its prevention.
